Bring your workplace together in a Sea of Pink

Join the Mater Chicks in Pink International Women's Day Fun Run presented by Queensland X-Ray.

The International Women's Day Fun Run (IWDFR) is a meaningful way to bring your team together while helping women with breast cancer feel supported through treatment and recovery.

Whether your workplace team chooses to walk, run or stroll, every step helps fund practical support services, research and care for women facing breast cancer.

Why should your workplace get involved?

1. Bring your team together

IWDFR creates a positive and inclusive experience that encourages connection, teamwork and wellbeing across your workplace.

2. Support women with breast cancer

Every dollar raised helps fund practical support and care for women with breast cancer, including mastectomy bras, wig services, breast care nurses, information resources and support programs.

3. Make a meaningful impact

Show your staff, customers and community that your organisation is committed to supporting the health and wellbeing of women in Queensland.
